The Riverdale Public Works Department is responsible for streets, alleys, water, sewer, tree trimming, refuse, lighting, and general maintenance of Village property.

Riverdale purchases water from the City of Chicago and stores it in three reservoirs located throughout the village. Employees who check on your water supply are certified water operators. Public Works employees monitor our water systems and are available to service water meters. Water usage is billed bi-monthly based on the actual amount of water per thousand gallons used within the property. Sewer rates are also billed according to the water consumed. Please see page 15 for more information regarding water billing. Please call (708) 841-2200 for issues regarding your meter or to report a water-main break.

Most high water bills are due to leaks on your property. To help prevent high bills, you should check your property periodically for any running or dripping water in toilets, sinks, bathtubs, furnace humidifiers, hot water tanks, and water heating systems.

**Water bills must be paid in full.** Properties will be shut-off for non-payment. If the water is shut off to a building (this includes apartment buildings and single-family homes), the dwelling is not habitable and must be vacated. The property must remain vacant until the water bill and all applicable fees are paid and the water service restored. Anyone remaining in a dwelling after the water is shut off will be ticketed, fined and prosecuted.

Water meters, although most often located inside the home, are read remotely from the outside. When Public Works is unable to get a reading due to a problem with the transmittal device connected to the water meter, an estimated bill will be prepared; the estimate is based on the average consumption during the previous three billing periods. Please contact Village Hall at 708/841-2200. If the reading type on your water bill is listed as “Estimate”.

Your utility bill will include charges for water consumption, sewer usage and garbage pick-up. The minimum for these charges is currently $64.16 per billing cycle and $62.66 for Senior Citizens.

Street lights on metal poles are the property of and maintained by the Village of Riverdale; please report problems with these lights by calling (708) 841-2200. Lights on wooden poles are owned and maintained by ComEd; please contact ComEd at 1-800-334-7661 to report problems with these lights.
Snow is removed from the main streets that run from east to west first, followed by the north/south streets. Your assistance is needed to help clear fire hydrants and stop signs during periods of heavy snow. If you live on a “Snow Route” your vehicle will be towed after two inches of snowfall.

The “Spirit of Riverdale” bus operates throughout the village on Mondays, Wednesdays, and Fridays specifically for seniors. Please contact Public Works for more information.

Public Works also provides Street Sweeping Services between April 15th and October 31st. Residents are expected to ensure vehicles are removed from curbsides on designated days during the hours of 7:30 am – 2:30 pm. Orange signs are posted on either end of each block indicating the days and times street sweeping will occur. It is each person’s responsibility (this includes residents and visitors) to follow the directives as listed on these signs.

Non-compliance of the Street Sweeping Ordinance will result in a minimum fine of $50.00.
